

GM056 - Funding and Effort Reductions

Description – This report provides a comprehensive view of proposal funding as well as an indication of competitiveness across the university. The report displays the total proposed amount and the lead PI's year 1 effort and compares the dollars to the total funded and the lead PI's year 1 awarded effort.

Purpose – This report would allow OSR, schools, and departments to identify reductions in funding and effort for a group of proposals across a specified timeframe.

Accessed By (role or department) – OSR, School Administrators, Department Administrators and ASRSP
