

GM074 - Proposals Analysis

Description – This report displays the total number of proposals and total proposed amount by school. The first drill-through provides a view of the total number of proposals and total proposed amount by department. The second drill through gives the detailed proposal information related to the summary. A broad range of prompts allow for specific or wide ranging queries.

Purpose – Allows the user to view proposal data from the least to most granular in a single report.

Accessed By (role or department) – OSR, School Administrators, Department Administrators and ASRSP
